

COMMONWEALTH OF KENTUCKY
BEFORE THE ENERGY REGULATORY COMMISSION

* * * * *

In the Matter of:

THE NOTICE OF PURCHASED GAS)	
ADJUSTMENT FILING OF PENDLETON)	CASE NO. 5988-PP
COUNTY WATER DISTRICT, GAS)	
DIVISION)	

O R D E R

On January 29, 1981, Columbia Gas Transmission Corporation (Transmission) filed with the Federal Energy Regulatory Commission (FERC) revised tariff sheets to its FERC Gas Tariff, Original Volume No. 1. Columbia Gas has placed an effective date of March 1, 1981, upon the effected tariff sheets. This Commission has no jurisdiction in that case.

On November 9, 1978, the President of the United States signed into law the Natural Gas Policy Act of 1978, which established significantly higher rates for producers of certain categories of natural gas. This federal legislation has resulted in higher gas costs to interstate pipeline companies serving the various gas consuming states, including Kentucky. Once the FERC approves the right of these interstate transmission companies to pass this increased cost on to its distribution company customers, state commissions must, in turn pass on the matter of intrastate distribution company customers, state commissioners must, in turn pass on the matter of intrastate distributors recovering their increased cost of gas by adjusting their basis rates to their customers.

On March 29, 1974, the Commission issued its Final Order in Case No. 5988 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased.

On February 10, 1981, the Applicant Pendleton County Water District, Gas Division (Pendleton) notified the Commission that its wholesale cost of gas would be increased by its supplier, Columbia Gas Transmission Corporation (Transmission), effective March 1, 1981, and submitted with its Notice certain information in compliance with this Commission's Order of March 29, 1974.

The Notice set out certain revisions in rates which the Applicant proposed to place in effect, said rates being designed to pass on the wholesale purchase price from its supplier in the amount of \$70,771.

After reviewing this evidence of record and being advised, the Commission is of the opinion and finds:

1. The Commission has long stated (in writing to FERC) its opposition to the procedures and regulations used by the Federal Energy Regulatory agency in approving these supplier increases. We continue to be opposed and are continuing to seek alternative ways to overcome the regulatory inequities which have such a direct impact on the retail consumers.

2. The Federal Energy Regulatory Commission approval of a wholesale rate increase to a Kentucky gas retailer requires approval by the Commission of rates that will permit the Kentucky utility to adjust its customer charges to reflect the added purchase cost, or alternately the utility must absorb the added cost. We are of the opinion that failure to allow this increase to be passes through to its retail consumers on a timely basis would be unjust to the Company and would ultimately result in higher rates to their consumers in any event.

3. When the FERC "accepts" Transmission's filing, Transmission will begin charging the Applicant the new rates. This order cannot be implemented until and unless this occurs.

4. That the Applicant's supplier, Transmission, on January 29, 1981, filed with the FERC for increased rates to become effective March 1, 1981, and that the increased sought by the Applicant reflects Transmission's rates as so filed.

5. That the Commission should allow the Applicant to place into effect, subject to refund, the rates set out in Appendix "A" as soon as the Columbia filing is "accepted" by FERC.

6. That the Applicant's adjustment in rates under the Purchased Gas Adjustment Clause approved by the Commission in its Order in Case No. 5988 dated March 29, 1974, is fair, just and reasonable, in the public interest and should be effective with gas supplied on and after the date the increased cost of wholesale gas becomes effective.

IT IS THEREFORE ORDERED that said Purchased Gas Adjustment sought by the Applicant and adjusted as aforesaid mentioned be and the same is hereby approved, as set out in Appendix "A" attached hereto and made a part hereof, to be effective subject to refund, with gas supplied on and after the date the increased cost of wholesale gas becomes effective ("acceptance" by FERC).

IT IS FURTHER ORDERED that Pendleton County Water District, Gas Division shall maintain its records in such manner as will enable it, or the Commission, or any of its customers to determine the amount to be refunded and to whom due in the event a refund is ordered by the Commission.

IT IS FURTHER ORDERED that for the purpose of the future application of the Purchased Gas Adjustment Clause of the Applicant the Base Rate for purchased gas shall be:

	<u>Commodity</u>
Columbia Gas Transmission Corporation	
Schedule SGS	\$2.8060 per MCF

IT IS FURTHER ORDERED that the information furnished this Commission by Applicant on February 10, 1981, constitutes full compliance with the Commission's Order in Case No. 5988 and any other information ordinarily required to be filed under the Commission's Regulations is hereby waived.

IT IS FURTHER ORDERED that within thirty (30) days after the date the increased cost of gas becomes effective, Applicant shall file with this Commission its revised tariff sheets setting out the rates approved herein.

Done at Frankfort, Kentucky, this 26th day of February, 1981.

ENERGY REGULATORY COMMISSION

For the Commission

ATTEST:

Secretary

APPENDIX "A"

APPENDIX TO AN ORDER OF THE ENERGY REGULATORY
COMMISSION IN CASE NO. 5988-PP DATED FEBRUARY 26,
1981
